Viopas Venture Consulting forms strategic partnership with evisory, adds expertise in Digital HealthCare and Technology

Uster/Zürich, Switzerland, May 04, 2022 – Viopas Venture Consulting, dedicated advisor to biotech, pharma and digital health companies as well as investors in the healthcare industry with focus on Switzerland, Austria and Germany, and evisory, a Swiss-based advisory firm to the digital healthcare and technology industry, announce their strategic partnership.

"We are looking forward working with evisory as strategic partner. The expertise provided by evisory extends the service offering of Viopas Venture Consulting into technology aspects of the digital healthcare and in vitro-diagnostic industries," commented **Thomas Meier, PhD, Managing Partner at Viopas Venture Consulting.**

"We are excited about this strategic partnership with the experts of Viopas Venture Consulting as together we now combine expertise ranging from pharma/biotech to digital healthcare, the MedTech sector and the business interface between IT solutions and digital healthcare," added **Werner Böing, CEO of evisory.**

About evisory and Werner Böing

evisory is an advisory firm supporting senior leaders in enterprises and startups in the field of digital healthcare and technology applications for the life science industry. Pressure testing digital business strategies and validating new business models are key focus areas for the contribution of evisory, be it as strategic advisors or member of advisory boards.

Werner Böing, Co-founder and CEO of evisory, has over 30 years of multi-industry experience in leadership and executive/board roles from think-tank to market/innovation leaders. He served in technology and future-shaping business leadership roles, as General Manager and CIO/CDO and executive sponsor for new business models and strategies. Werner gained extensive healthcare and digital transformation experience in a global powerhouse of medical and healthcare innovation and real-world experience of what it takes to design, build, launch, operate and commercialize a digital healthcare product portfolio.
